[Visit Website](#) | [COVID-19 Resources](#)

A1 American offers a full line of hospitality PPE products to keep both staff and guests. From our Welcome PPE Kits to hand out to guests upon arrival, to contact-free dispenser stands to use throughout the hotel, our A1 American Defender Collection includes all of the essential PPE items to ensure a safe environment. We also carry hand sanitizers, nitrile gloves, microfiber towels, reusable and disposable faces masks and shields, thermometers, wipes and dispensers, protective gowns and more.

Aquamenities

Contact: Wendy Haworth - whaworth@aquamenities.com

[Visit Website](#)

Locking, tamper resistant dispenser fixture for hand sanitizer. Perfect for in-room entry locations, common areas, restaurants, reception, front desk, elevators and more. Easy to clean and refill made of durable stainless steel. The slim elegant design fits in any space, prevents theft and access to product and does not require batteries.

Aqua Systems, Inc.

Contact: Rolland Picard - rpicard@aquasystemsusa.com

[Visit Website](#)

Aqua Systems carries a product provided by SilvaClean. EPA-approved SilvaClean releases silver ions into the final rinse cycle of the laundry and infuses them into the textiles, rendering the textiles actively antimicrobial, providing ongoing benefits as items are in use or stored. Every germ they come in contact with is killed, making for a cleaner, safer environment for all guests and staff. Already proven in healthcare and in sports facilities, SilvaClean is broadly effective against pathogens, mold, and mildew. It works on existing inventory. The company is currently testing the product against coronavirus and is anticipating positive results within the next two weeks.

Saroj International, Inc.

Contact: Jaivin Karnani - jkarnani@sarojusa.com

[Visit Website](#)

Saroj International, Inc. supplies FDA Authorized KN95 masks and thermometers to help employees and guests stay safe and protected from COVID-19. Saroj International, Inc. provides consulting and strategies to help reopen your property once the stay-at-home restrictions are relaxed/lifted to make sure you are ready to operate within State guidelines. As states begin to allow lodging to reopen, it will be critical to reassure your customers and staff of the safety precautions you are taking. In addition to thorough cleaning practices, the best way to keep everyone safe is to provide disposable, one-use masks for your staff and clients. This cuts transmission rates by as much as 99% and makes sure that masks are always sterile without causing extra work or concern for your employees.

Titan Health & Security Technologies

Contact: Ed Merjanian - edmerjanian@titanhst.com

[Visit Website](#) | [COVID-19 Resources](#)

Titan HST provides a unique COVID-19 tracing and asset tracking technology. The reports will show each location an infected employee was in for a specified time, can understand which employees crossed paths, notify potentially infected employees and confirm sanitization of affected zones via asset tracking. This technology is available to enhance employee and guest safety.
